**CREATOR
STARTER PACK**

CREATOR STARTER PACK

So you're thinking of becoming a FansOfCams creator? Great! Here's the lowdown on who this is for and why you should do it...

Let's face it if you have social media you are a **creator** anyway. Your photos and videos are seen, liked and watched by everyone you know so why not get them out there to a **bigger audience**? With **FanOfCams** you will have access to a huge global audience with **targeted outreach** provided to all creators to really help build your base. Whether you are an aspiring dancer, performer or just great at selfies we will find you a fan base that crave what you've got.

So what's different between us and other platforms? We believe that **YOU SHOULD GET PAID!** Other platforms make money off your content through advertising and promotions to your friends, crowding everyone's experience. **FansOfCams** however gives YOU the chance to make money from your content with a subscription user base. Users can **subscribe** to you and your posts meaning you get paid to do something you're already doing. We take a small percentage, but you get the vast majority of everything paid for your materials. We've helped countless students, single parents or those looking to top up their income make an extra income... some reaching more than they ever could in a full-time job!

Finally, who uses our service? Our platform is filled with **diverse talent**. Gymnasts, dancers, artists, performers and models are just some of those making a living on FansOfCams. Others include musicians, chefs and home workout gurus. Whatever you're selling, we've got the users thirsty for more.

We're safe, secure and a fantastic place to pick up that extra paycheck you've been looking for.

FAQs:

Can I chat directly with creators?

We welcome dialogue with creators. You can send messages to creators to build friendships and they can tailor content for you. This allows our platform to stand out from others and gives you access to content made specifically for you.

How do I make money on FansOfCams?

Your content will be targeted to paying users who can indicate what their interests are. If they like what your page displays they can choose to 'subscribe' and that provides you with a monthly income.

Do I need a bank account?

Yes both subscribers and creators need a bank account. All payments are transferred digitally and the account helps us verify your age. This prevents face-to-face meetings and allows for both transparency and safety for our users.

Is adult content allowed on FansOfCams?

Yes, we don't believe in censoring our creators. Providing content doesn't break any laws, adult content is welcome, and popular, on FansOfCams.
